Expansive areas are what set the Inverness floor plan apart from the average 2 bedroom, 2 bath home ... oversized rooms make this layout fabulous! The recessed entry takes you into the wide hallway leading to the combined living and dining room – over 350 square feet. A large kitchen gives the chef of the house lots of elbow space and a double sink on the extended counter overlooks the bay window dinette. Plus, options galore are available to enhance this already great home.
