

We are pleased to present a few of the architectural and design details that place custom homes by Dream Creations, Inc. in a class by themselves.

The attention to details in craftsmanship

is reminiscent of times past with an appreciation for individuality seen in the Golden Age of American Home Building.

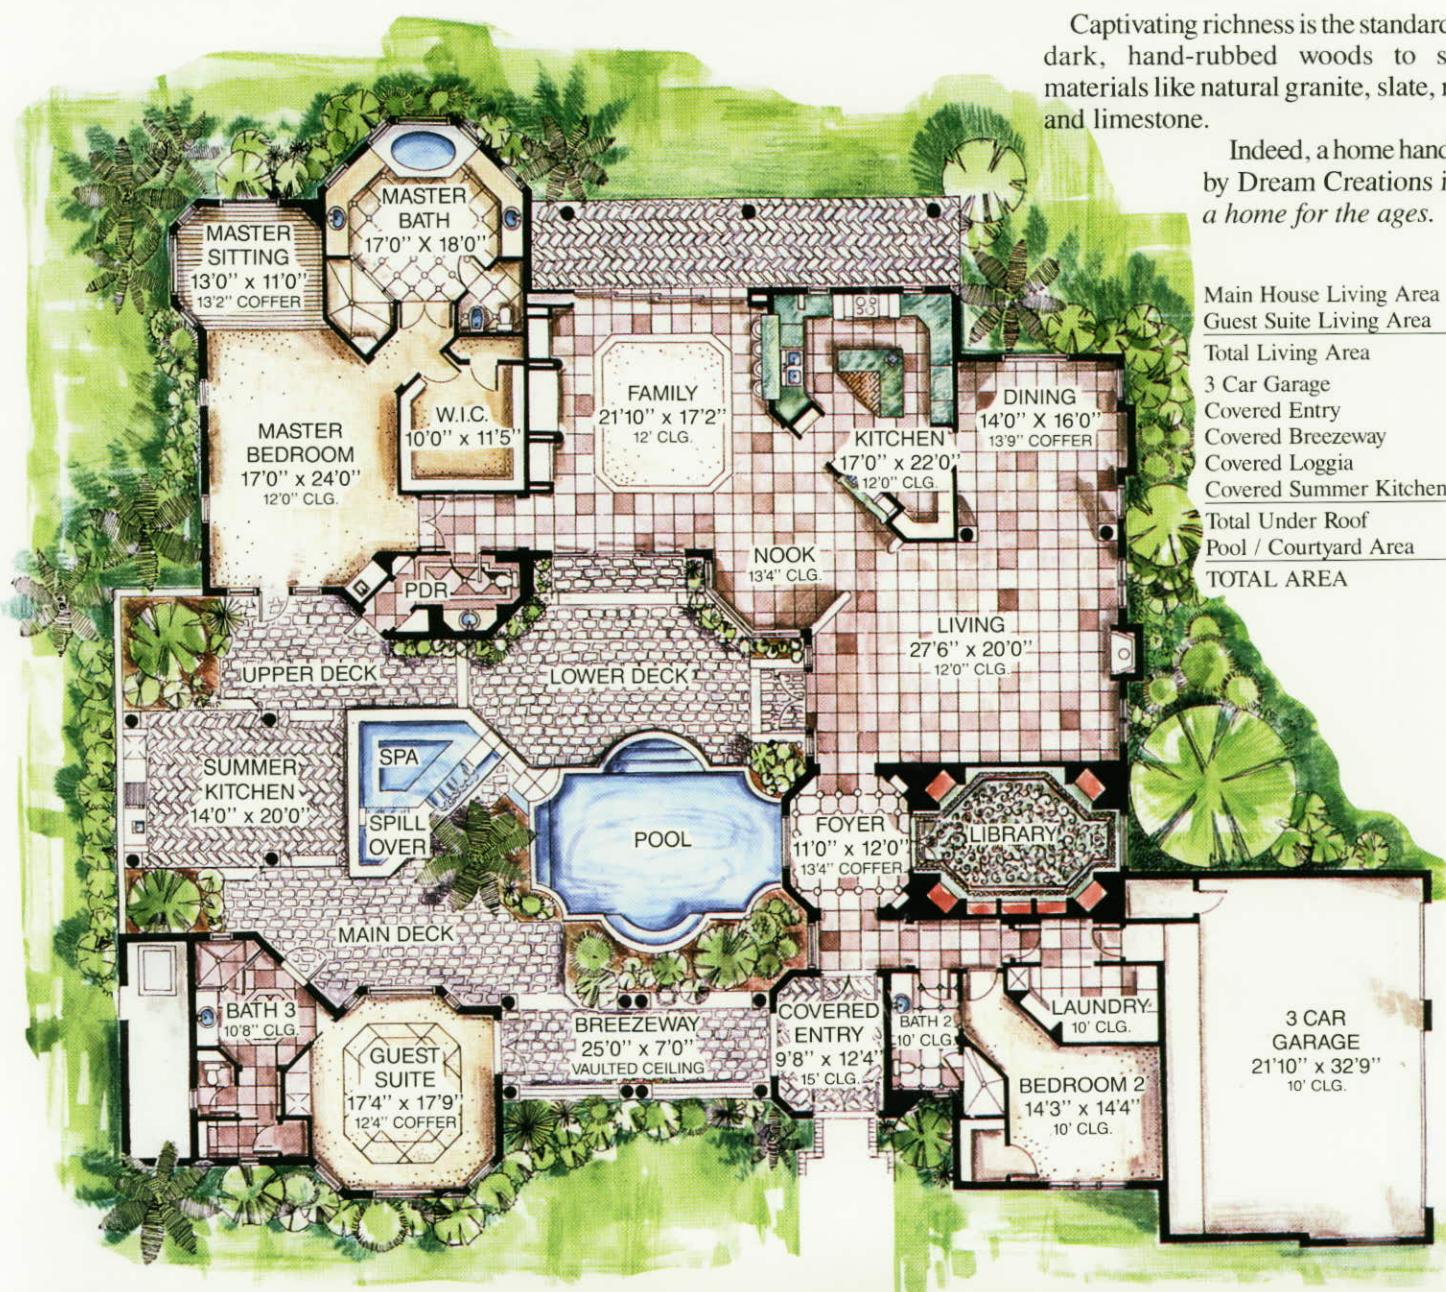

Inside a Dream Creations home, you'll find artistic touches that are stately and

exceptional. Features like custom wrought iron, handpainted cabinetry, murals, patinated walls, ceilings and fresco, with solomonic stone columns.

Captivating richness is the standard, from dark, hand-rubbed woods to surface materials like natural granite, slate, marble and limestone.

Indeed, a home hand-made by Dream Creations is truly a *home for the ages*.
