MASTERCRAFT HOMES, INC.

Approximately 1,922 square feet living area

THREE BEDROOMS

Sometimes the best ideas come to

those who listen, and with the

Wellington we listened to many of our customers. The results were superb.

Relax in your great room large enough to serve a palace. Laugh sing or cry while you watch your favorite shows in

your new home theater, enjoying the company of your close family. Then use the same room tomorrow for that

special gathering of your best friends.

When it's time for your private thoughts take them into your beautifully styled master bath. The space, the style, the brightness and the privacy that everyone told us they wanted.

Every member of the family will agree the country kitchen is the center of activity. Having such a special place will be valued every day.

This kitchen was designed by a happy customer who told us exactly what today's family needs.

A bright breakfast nook, easy pass through eating counter for active teens, and lots of pantry storage, out of way and out of sight.

Take a soaking bath in tropical splendor. Your ferns and palms on the wide tub deck will remind you of Tahiti, taking you away from your busy schedule just long enough to refresh the soul.

At least a dozen ways to make this special room your very own. Very formal or the state of the art entertainment theater. It works for everyone.

A WHOLE LOT OF HOME... A WHOLE LOT OF FUN
